Sea Technology Index Volume 39 (1998)

This instant reference of technical subjects, news, and special features from Volume 39 of *Sea Technology* magazine provides subject information about articles and news item subjects (Part One) and authors of feature articles (Part Two). Numbers following entries indicate issue month and page number.

SUBJECT INDEX

A

Acoustic communications, underwater 2/49
Acoustic correlation current profiler 3/29
Acoustic modems, UUV communications ...6/65
Acoustic tracking, vehicles 3/21
Acoustics, digital voice communications 5/31
America's fragile sea sanctuaries 12/29
An ocean commission...now! (Soapbox) 9/97
Antifouling controversy (Soapbox) 7/113
Applied Microsystems (Company Profile) ..2/90
Aquaculture, disease management 2/9
Aquarius habitat, Key Largo 1/9
Arctic ozone hole 1/81
Arctic underice data, declassified 3/68
Army Corps of Engineers, FY 99 .....3/64
Asian whelks invading Bay 10/9
Asian whelk found in Virginia 11/70
ASW, in crisis? (Editorial) 6/7
Autonomous underwater vehicles,
  CETUS: design of a production 12/10
  competition announced 3/9
  first international competition 11/63
  coastal predictive models 4/67
  correlation speed log 3/29
  Ocean Explorer communications 5/10
  REMUS 3/21

B

Band winch 7/75
Bangkok hosts integrated CZM 10/91
BASS Rake Field sensor 3/37
Bathymetry, seabed classification 9/45
Beaches, disappearance (column) 8/128
Biodiversity, marine (Soapbox) 6/121
Britain: marine science/technology (report) ..8/14
Budgets,
  eliminate Commerce (Kasich)? 5/9
  FY 99 overview 3/56
  No ocean science in FY 99 .....3/7
  NOAA FY 99 .....2/9
Buoys,
  Lagrangian 2/29
  Smartbuoy 2/29
  solar-powered 2/29

C

Cable & Connector Workshop (report) 7/65
Cable, telecommunications (FLAG) 2/77
Cables,
  fiber-optic telecommunications plans ...3/10
  subsea ROV maintenance 4/70
  tension measuring (TLPs) 7/31
Cameras, high-res electronic still 2/65
Cameras, underwater optical imaging 7/70
Canadian Hydrographic Conference 98,
  Conference Previews 1/61
  Conference Report 5/39
Capabilities for ocean research 10/49
Catch-all omnibus spending bill (report) ...12/76
CETUS: design of a production AUV 12/10
Checkmate, self-burying mine 4/37
China, naval capabilities 1/65
Clean Water Initiative, coastal pollution 3/9
Clean water—maintaining quality 10/27
CLIVAR—climate prediction 9/29
Coastal dynamics (SandyDuck 97) 1/51
Coastal monitoring using ocean color 9/18
Coastal ocean monitoring (MERMAID) 2/10
Coastal predictive skills 4/63
Coastal tourism, recreation, fun at the sea ..10/37
Colwell, Dr. Rita, appointed NSF director 3/9
Combat fleets of the world, 1998-1999 ....12/71
Commerce—coral reef protection 11/66
Commerce, eliminate again in budget? 5/9
Commercial diving operations 7/9
Commercial fishing (Soapbox) 1/101
Communications, digital acoustic voice 5/31
Communications protocol, peer-to-peer 5/10
Communications, vertical digital system 5/57
Company Profiles,
  Applied Microsystems Ltd. 2/90
  Triton Elics International Inc. 6/55
  Universal Systems Ltd. (CARIS) 4/45
Conductive heat flow, measurement 2/23
Conference Previews,
  Canadian Hydrographic Conference 98 ..1/61
  MTS Cable & Connector Workshop 2/85
  Ocean Community Conference 1998 ...10/65
  Oceanology International 98 .....2/105
  Oceans 98 .....7/37

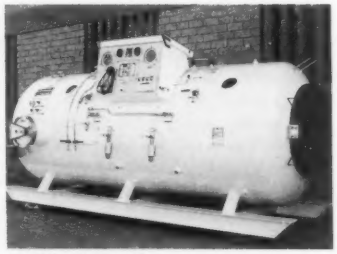
Monitor
propeller recovered 7/83
long range preservation plan 8/108
Monterey Bay Aquarium Research Institute (Mini-Profile) 5/37
MTS 25th Cable & Connector Workshop (Preview) 2/85
Multibeam,
echosounder 2/112
seabed topographic classification 11/33
sonar, detecting small targets 6/87
sonar, mapping continental shelves 6/10
survey, launch calibration 3/66
swath sonar, design 7/79

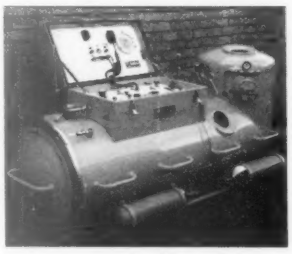
N

National Estuary Program, EPA 1/25
National Ocean Conference,
announced 2/9
campaign promises (Editorial) 7/7
scheduled 4/9



TC 665

Type TC 665 Transport Chamber. Lightweight aluminium two-person transport chamber with NATO bayonet flange for transfers under pressure, on-board air, O_2 and power supplies, CO_2 scrubber, service lock, BIBS, comms and more. Man-carryable and designed for use on smaller vessels.



Offshore series

Offshore Series Recompression Chambers. High quality commercial twinlock RCCs available in 5 diameters from 1,1 up to 1,8 metres. Stainless steel service lock, lugs and bracketry. Numerous options including rotating or fixed NATO bayonet flange, mixed gas BIBS, heating and cooling, CO_2 scrubbers, hyperbaric fire extinguishers, containerisation and more.

Containerisation

Containerised Diving Systems. Available in a variety of standard designs for air or mixed gas diving. Typical configurations include a recompression chamber, dive control station, breathing air compressors and air and gas storage. Numerous options.

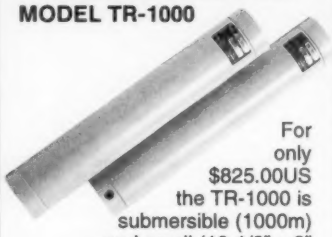
LOW COST 16 BIT TEMPERATURE LOGGER MODEL TR-1000



For only $825.00US the TR-1000 is submersible (1000m) and small (10-1/2" x 2" diameter).

Resolution is better than 0.002°C with memory for 64,000 samples.

A key feature of the TR-1000 is that it is powered by a single 'D' cell.

Like the XL series, the TR-1000 has a real-time clock and may be programmed by an IBM compatible PC or Lap-top.

OTHER MODELS AVAILABLE:— SINGLE OR MULTI-CHANNEL TEMPERATURE, PRESSURE, CONDUCTIVITY ETC.

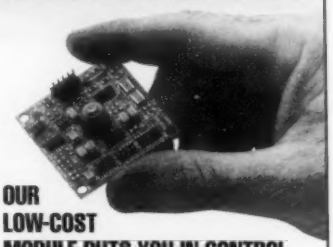
CIRCLE NO. 112 ON INQUIRY CARD

NEW!

MODEL 900 BIAXIAL CLINOMETER



OUR LOW-COST MODULE PUTS YOU IN CONTROL OF ANGULAR POSITION:

- Gravity referenced
- Analog voltage outputs
- ±20° range
- ±0.01° resolution
- 21 point calibration provided
- Optional temperature sensor
- Ideal for OEM use

For greater resolution, ask about our 700 Series precision tiltmeters.

YEARS OF EXPERIENCE

[and miles of rope]

BEHIND US

Your unique projects demand special attention. And whether you're dragging hydrophone arrays around the Gulf or drilling holes beneath mile thick glacial ice, Yale Cordage has the solution.

We've pioneered the development of long-lasting, lightweight high modulus synthetic braids — integrating high-technology fibers like Kevlar®, Spectra® and Vectran® to develop the industry's strongest, most versatile ropes. And with our continued commitment to high-tech rope development, we're just getting started.

To learn how our innovative solutions can satisfy your unique demands, fax us at (800) 255-9253, or write to the address below for our catalog.
